Dear Friends:

Having been involved in Town government for a number of years as Clerk and Town Moderator, we have gotten to know Jim Kane pretty well.

Jim has been an Assessor for some eight years. He served very effectively on the Town's Fiscal Study Committee. We have been most impressed with his concern, dedication and enthusiasm for our community.

Jim has an undergraduate degree from Holy Cross and a Masters in Public Administration from Clark University. That education will serve our community well.

Prior to Jim and Hannah adopting Shrewsbury as their community 12 years ago, he served very effectively on the Marlborough City Council and its Finance Committee for many years. He knows how municipal government needs to work. He has a deep understanding of the realities of municipal finance.

Jim's knowledge of private/public economic development is extensive. As a senior executive at MassDevelopment, he helped re-develop the former Fort Devens into a thriving business community. His business experience in overseeing real estate development and regulatory permitting is exactly what our community needs.

Most importantly, with his wife, Hannah, and their three young children, Jim feels a real need to give back to his community.

While there are other candidates vying for Selectman, we feel very strongly that Shrewsbury needs Jim Kane. He has the ability to bring people together and to help his community through tough economic times, while serving the interests of all the people of our Town.

We support Jim, urge you to learn more about him at www.ElectJimKane.com, and ask you to join our support by voting for him on Tuesday, May 5th.

Sincerely,

Ann Dagle

Kevin Byrne
